Re WFO teletype to Bureau 12/1/82; Phoenix airtel to Denver dated 12/23/82.

Investigation in this matter was initiated upon contact with a representative of the U. S. Park Police, Washington, D. C., Sergeant [Redacted] who made available a letter addressed to Secretary of Interior James Watt. The letter in effect forwarned Secretary Watt that any oil or gas exploration road building or mining activities in the wilderness or national park areas, would be followed with civil disobedience by Earth First. The letter was signed [Redacted] Earth First.

b6
b7C

It has been determined through contact with [Redacted] Governor's Detail, Colorado State Patrol, Denver, Colorado, and through information provided by Sergeant [Redacted] that the letter or note was given to a member of the Colorado Governor's Detail at Denver on 11/22/82, by an individual who identified himself as [Redacted] in turn requested that the letter be given to Secretary Watt. The letter was not in fact mailed to the Secretary of Interior.

b6
b7C

Members of the Governor's Detail, Colorado State Patrol, Denver, advised the note to Secretary Watt was written in an office at the Colorado State Capital Building because [Redacted] was not permitted to speak directly to the Secretary of Interior. Members of the Governor's Detail stated they are of the opinion [Redacted] aka [Redacted] is from the State of California; however, his exact address was not known to them. Efforts to locate and interview the individual who wrote the letter have been unsuccessful.

b6
b7C

C. Phillip Miller, AUSA, Denver, was contacted regarding this matter. Mr. Miller stated that inasmuch as the note written by [Redacted] aka [Redacted] does not contain what he considers to be a specific threat and the fact that it was not mailed through the U.S. Mails, in his opinion no violation of the Federal Extortion Statute exists and he would not authorize prosecution in this matter.
